REASONS FOR ALLOWANCE

1. Claims 1, 2, 4-6, 14-18, and 25-38 allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: The Applicants arguments filed on 4/4/2005 are persuasive. Applicant has filed a Terminal Disclaimer disclaiming any portion of the term of any patent issued on this application which extends beyond the terms of US patent Nos. 6249271 and 6262706. The Double Patent rejection over 5961804 is withdrawn. The prior art of record fails to teach or suggest the Applicants claimed invention. In particular the feature comprising electrophoretic retro-reflective particles is not taught or suggested. Whitehead et al. fails to teach of said specified electrophoretic retro-reflective particles. While Whitehead includes electrophoretic particles as well as a retroreflective surface, said electrophoretic retro-reflective particles are absent from the teaching. Therefore said feature in combination with the other limitations of claims 1, 26 and 32 are allowable over the prior art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
